**Hold harmless disclaimer (the Grown up part)**

I recognize the fact that there is a potential for an accident wherever horse use is involved, which can cause injuries to horses and riders, and also, recognizing the fact that the Gentlemen on Horseback participants or ride leaders cannot always know the condition of trails or the experience levels of riders or horses taking part in trail rides or other events, I do hereby release and hold harmless the Gentlemen on Horseback participants, ride leaders and cook crew from any claim or right for damages which might occur to me or my property including my horses while participating on this ride. Along with Washington state law that states activities that have horses are a "participate at your own risk activity".

Be careful, be responsible, have fun and we'll all have a great ride!
